

80A.13 Campus weapon requirements.

An individual employed by a college or university, or by a private security business holding a contract with a college or university, who performs private security duties on a college or university campus and who carries a weapon while performing these duties shall meet all of the following requirements:

1. File with the sheriff of the county in which the campus is located evidence that the individual has successfully completed an approved firearms training program under [section 724.9](#). This requirement does not apply to armored car personnel.
2. Possess a permit to carry weapons issued by the sheriff of the county in which the campus is located under [sections 724.6 through 724.11](#). This requirement does not apply to armored car personnel.
3. File with the sheriff of the county in which the campus is located a sworn affidavit from the employer outlining the nature of the duties to be performed and justification of the need to go armed.
